SUMMARY

Five years of experience in commercial development for varying business areas provided me with the skill to understand client's goals and to create tasks to achieve it. Thanks to a solid set of marketing tools, I promote the relevant customers in the right direction according to the needed intention. Moreover, with the help of excellent building communications with current teams and contractors, I clearly plan tasks and hand over projects on time.

SKILLS

- **Agile** (SCRUM, Kanban, scrumban)
- **Managing projects** (Trello, Jira)
- **E-commerce** (Yandex Direct, Yandex Metrics, Google AdWords, Google Analytics)
